

Playing the Game

Love Letter is played over several game rounds in which you enlist the allies, friends, and family of the Princess to carry a letter of intent to her.

The card in your hand represents the person who currently carries your letter, but this can change during the round as you draw and play cards.

To win a round, you must either have the highest-value card at the end of the round or be the only player left in the round.

Player Turn

Take turns in clockwise order. On your turn, draw one card from the deck. Then, choose and play one of your two cards, resolving its effect.

The played card stays in your play area **faceup**, and you keep the other card in your hand.
